The screenshot shows a software window titled "CODING ASSISTANT". It contains four numbered steps:

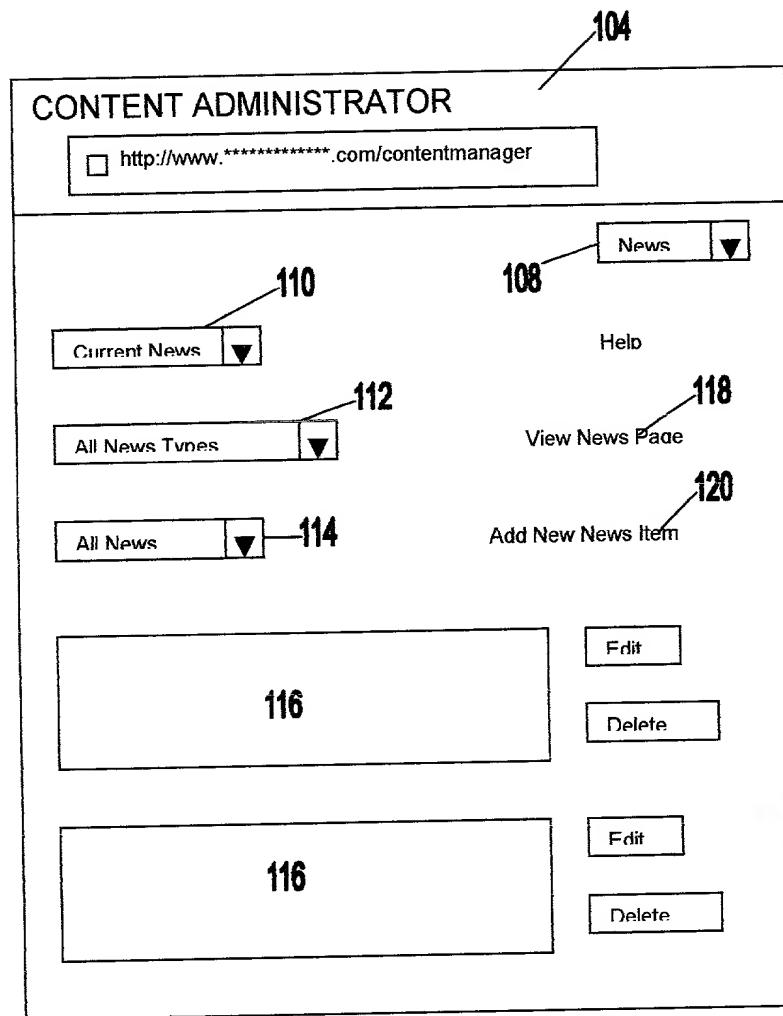

1. Choose an Activator
2. Choose a Page
3. Choose a Style
4. Copy and Paste the Script into the Source Code of your Web Page.

Below step 4, there is a note: "Place this code at the top of the Activator page." followed by a large text input field. Another note below it says: "Place this code where you want the activator content to be." followed by a larger text input field.

The diagram illustrates the 'Content Manager – Global Styles' interface. At the top, there's a URL input field containing 'http://www.\*\*\*\*\*.com/contentmanager/global'. Below it, the title 'CONTENT MANAGER – GLOBAL STYLES' is displayed. The interface is divided into two main sections: 'FIELD ATTRIBUTES' on the left and 'APPLY TO:' on the right. In the 'FIELD ATTRIBUTES' section, various styling options are listed with their corresponding numerical IDs: Font Chooser (190), size (192), color (210), face (194), align (196), bold (202), italic (204), Font (204), Date Format (208), and Space Below (198). The 'APPLY TO:' section contains a list of categories with checkboxes: News, Events, Jobs, Catalog, Author, Summary, and Date. A brace on the right side groups the checkboxes for News, Events, Jobs, Catalog, and Author under the ID 206.
